

DESIGNER AT CLICKIN' TECHNOLOGIES

Clickin' – Keep Scoring! is a young mobile technology start-up company that seeks to revolutionize the way people express themselves. The Company has developed a social messaging app specifically targeted at the dating space. The app is live on the Apple App Store.

Clickin' is supported by Ixora Ventures – an early-stage growth focused investment firm. We are currently expanding our team and we are looking to add young, driven and dynamic individuals who are eager to make an impact. Presently, we are on the lookout for a creative and energetic designer to join our team.

How would you spend your days?

- Work closely with founders to improve overall application UI and UX and
- Creating beautiful graphics and design to be featured across social media
- Work with marketing team to create timely and topical content
- Design and create marketing campaign materials
- Deliver the results on time

What do we look for in you?

- Bachelor's degree from a reputed college
- Experience using Adobe Photoshop, Corel Draw and other design platforms
- Good time management and organizational skills
- You have a thirst for new knowledge, and responsibility. You want to own projects in their entirety, and master new problem spaces and technologies
- Accuracy and Attention to detail
- You are compelled to excellence
- You are persistent: it's a job, it has some grind, you know how to dig out a solution; at the end of the day it has to ship
- You are joyful and take pride in what you do;

None of the above is of any consequence if you're not a team player!

Some other information you might find useful

- Location – The internship is based in Delhi (we don't believe in distributed teams)
- Joining Date: ASAP
- Work Hours: Your guess is as good as ours
- Salary: Competitive

How to Apply
